

Elwin - LED Panel (600x1200mm)

Series No: WT-LED-243SDP

The WT-LED-243SDP series LED Panel is perfect choice for both new or replacement for Fluorescent Luminaire

Features:

- Aluminium frame, white surface treatment also available
- SAMSUNG 2835 size LED
- High Light Transmittance performance & uniformity
- High CRI (>80)
- High Power Factor (>0.9)
- Energy Efficiency
- Long lifetime
- 0-10v Dimmable available

Standards:

- IEC/EN 60598-1, IEC/EN 60598-2-2
- IEC/EN 55015, IEC/EN 61547
- IEC/EN 61000-3-2, IEC/EN 61000-3-3
- RoHS compliant
- PPA104A(4th ed.)

- ⊙ Minimal heat generation & high efficacy power transformer
- ⊙ 35,000hours Lifetime
- ⊙ Excellent photometric performance
- ⊙ Perfect Replacement alternative for 3 x 36w T8 Fluorescent Tube

Model:	WT-LED-243SDP		
Rated Power:	60W		
AC Voltage IN:	200-240V AC 50/60Hz		
DC Voltage Out:	42v (1.43A)		
Color Temp:	3000k	4000k	5700k
Lumen Output	5400lm	5700lm	6000lm
Beam Angle:	140°		
Dimension:	595 x 1195 x 12mm		
Cut-out:			
Operation Temp:	-10 ~ 40°C		
CRI:	> 80		
Dimming Options:	AD = 0 - 10v Dimming		
Life time:	35,000hours		
Back Up Battery:	CAMLITE WT400(LED) 2 hrs discharge 30% Output
